

The Hitch Hikers Guide to the Plannerverse - Episode 9

Planner Planning

Planning purists, take note! In this episode Steve and Karine discuss the ultimate goal of planning and why the need for multiple inserts. Often planner users get lost in the vast insert shuffle (literally); it's happened to all of us.

We will examine what needs to be contained a functional planner, after all what use is information if you can't access it? We hope to demystify the basic use of inserts and whether decorating adds value or takes away from planning. We also take a look at the primary use of planners: goal setting and tracking!

If you have ideas for future episodes please send them to steve at philofaxy dot com
